WORK EXPERIENCE

Web Development Intern

Sci-Bono Discovery Centre

June 2023 to November 2024 (1 years, 6 months)

- Assist in Website Development: Support the development team by writing code for new features, debugging, and optimizing existing websites or web applications using HTML, CSS, JavaScript, and other relevant technologies.
- Collaborate on Design and User Experience: Work alongside designers and developers to implement responsive designs, ensure cross-browser compatibility, and improve overall user experience.
- Test and Maintain Websites: Perform testing on websites to identify bugs or issues, update content, and ensure functionality is up to date with the latest web standards and technologies.
